

NO LEXOWING THIS YEAR, IS PLATT'S IDEA

Senator Says He Doesn't
Think a Committee
Will Be Named.

NO NEW LIQUOR TAX

Expects Only Minor Changes
in the Raines Law Regu-
lating the Saloons.

Senator Thomas C. Platt is in town making "the latest political news," he says, but succeeded in giving out some information that will surprise persons who have been expecting a "Lexow" Committee to cut loose in this city. Senator Platt said he had heard that certain Republicans want to have an investigating committee sent down from Albany to overhaul the Tammany rule, but declared he did not believe such a committee would be named.

"I see there is considerable agitation about police matters," said the senator. "Well, that is natural. Some one has asked me if I did not think that this was the psychological moment at which to reintroduce the constabulary resolution. Well, that was a delusion of mine several years ago, but I am not in accord with that sort of thing right now. If the State Constabulary bill is reintroduced it will have to be at the request of some one else. I am out of that line just now."

"Will the Raines law be amended?" was asked.

"Well, I don't know. John Raines may do something about it, but whatever he does will be of minor importance—at least the amendments. If there are any, will be unimportant. I see there is some talk of increasing the excise license, so that the State deficit may be overcome. I don't approve of that idea at all. The saloon-keepers are paying enough now to the State for the privilege of doing business. By the way, who was it that suggested that the excise should be trebled?"

"Mr. Payne," was the answer.

"Which Payne?" asked the senator.

"Oh, yes. It was Lou-Lou Payne. Well, he was always a radical."

"Will the Republicans name a straight city ticket next fall?"

"They are talking about it. If they do, and I guess they will, I hope they will be able to elect their ticket. The senator will leave the city Sunday morning to visit his country place at Highland Mills."

"MOVING SOME," SAYS GOV. HIGGINS

His Reply When Asked Whether a Woman When to Head the State Labor Commission.

ALBANY, Jan. 20.—Gov. Higgins further promotes the candidacy and prospects of Miss Florence Kelly, of Pennsylvania, who wants to be State Labor Commissioner in place of John McMacKin, Mary K. O'Sullivan and E. C. Walling, representing the National Trades Union of Women, called on Gov. Higgins to-day and told him how successful Miss Kelly was as Chief of the Labor Department of Illinois under Gov. Altgeld.

"They said they had both worked in the department under Miss Kelly. Gov. Higgins said he had the question of a successor to Mr. McMacKin under consideration.

When asked later if New York State was prepared to encourage the cause of woman suffrage to the extent of placing a woman at the head of a State department, Gov. Higgins replied:

"Well, we're moving some."

DEATH OF PROF. F. A. LEACH.

Occupant of Chair of Chemistry and Biology at Williston Seminary.

Prof. Frank A. Leach, thirty-four years old, who occupied the Chair of Chemistry and Biology in Williston Seminary, East Hampton, Mass., died in the Presbyterian Hospital to-day of pneumonia. Prof. Leach came to New York a few days ago on his way to explorations in New Mexico. He was a sufferer with asthma. He caught cold, which developed into pneumonia, and was taken to the Presbyterian Hospital for treatment.

Prof. Leach graduated from Amherst College in 1892. While in Amherst he was prominently identified with athletics. After going to Williston he promoted athletics there and became coach and athletic advisor of the seminary. He leaves a widow living at East Hampton.

BETTS TO WORKHOUSE.

George M. Betts, better known as "Kid" Betts, a prize fighter and ticket speculator, was sent to the workhouse to-day by Magistrate Barlow, in the Tombs, charged for being a vagrant. His wife Molly Betts was also sent to the workhouse for the same period. Both fainted when sentence was pronounced and Betts's mother made a scene in the corridor by shrieking.

These were the first two of twenty cases brought at the instigation of the anti-vice committee of which Jacob H. Schiff, Joseph N. Seligman and other prominent Hebrews are members.

Blauvelt Discharged.

The Aqueduct Commission reported to-day the discharge of Benjamin I. Blauvelt, of No. 632 West One Hundred and Fifty-eighth street. No reasons are assigned in the printed report for his dismissal. Blauvelt was a lover employed on the Jerome Park reservoir work. He was a witness in the hearing on the charges that the work was being improperly performed and testified that changes had been made in the official records.

ALL BOROUGHES WANT NEW PARKS

The Board of Estimate Dis-
cusses Requests for Appro-
priations That Would Call for
Expenditure of \$12,000,000.

LIMIT OF \$4,000,000 A YEAR HAS BEEN FIXED.

Two Proposed Parks in Man-
hattan Alone Would Cost
More Than \$3,600,000—Pro-
posals from Other Boroughs.

The park needs of the various boroughs was called to the attention of the Board of Estimate to-day by the Small Parks Committee of the board. The report shows a demand for small rather than large parks. Applications for parks throughout the city recorded several weeks ago showed a possible outlay of \$12,000,000, but the Mayor and the members of the Board of Estimate then agreed that for 1906 the city could not afford to spend more than \$4,000,000 for parks, and a resolution was adopted to that effect, the idea being to set a precedent for subsequent years. Here is what the committee asks for each borough, but the requests are far in excess of the stipulated yearly expenditure:

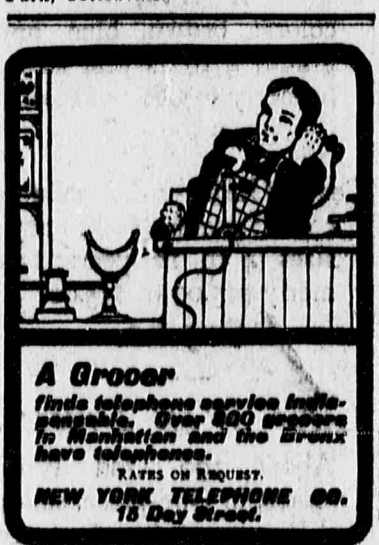

For Manhattan.
Chelsea Park, at Twenty-seventh and Twenty-eighth streets, Ninth to Tenth avenue; estimated cost, \$1,263,750.
Fortieth to Forty-second street, Eleventh to Twelfth avenue; estimated cost, \$2,482,425.
Convent avenue, West One Hundred

and Forty-second and One Hundred and Forty-third streets; estimated cost, \$154,000.
Extension Highbridge Park, estimated cost, \$2,000.
Triangular plot, West One Hundred and Sixty-sixth street and St. Nicholas avenue; no estimate.
Land at East Twenty-third street ferry; no estimate.
Land south of Forty-second street ferry on North River.

For Brooklyn.
Highland Park extension; estimated cost \$275,000.
Washington and Classon avenues and Eastern Parkway; estimated cost \$100,000.
Leg, Flushing and Bedford avenues; estimated cost \$600,000.
McKibben and Moore streets; estimated cost \$200,000.
Owls Head; estimated cost \$1,500,000.

For Queens.
President Cassidy renewed his request for the million dollar park at Rockaway Beach. His list includes:
Land opposite Normal College at Jamaica; estimated cost \$20,000.
Land now known as Zeigler Park, Flushing; estimated cost \$15,000.
First Ward Park; no estimate.

For Richmond.
Public place, Port Richmond; park, West Brighton; park, Seventh and Crescent avenues, New Brighton; Port Hill Park, New Brighton; Post-Office Park, St. George; Outlook Park, Tompkinsville; Washington Park, Stapleton; South Beach Park, South Beach; Great Kill Seaside Park and Bentley Manor Park, Tottenville.

White Shirts for Men

With our white shirts we have established an innovation. Be a man's proportions normal or abnormal, altogether or in part, we can promise a perfect fitting shirt ready-for-his-service. Each specific model is identified by a name. After you have once determined the style which satisfies your taste and needs, you need never suffer the usual cross-examination relative to the minor features of the shirt—its name will answer for all that. So that they may truly be immaculate, each shirt is presented in a sealed package, properly labelled.

There are two models of which we are particularly proud—the Lowell and the Keats. They are offered at \$1.00. By every known standard \$1.50 is the price which the high character of the tailoring and fabrics warrant.

The Lowell Shirt of cambric, with 8½ inch bosom and attached cuffs of fine linen, coat model, with stud holes. Sizes 13½ to 17½, three sleeve lengths in each.

The Keats Shirt of fine cotton fabric, with 8½ inch bosom of fine linen, open back and front model, without cuffs. Sizes 14 to 17½, with three sleeve lengths in each.

Don't Poison Baby.

Forty years ago almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*.
